PROFESSIONAL SUMMARY

Bachelor Information Technology graduate with Magna Cum Laude honors and hands-on experience in remote robot operation, robot movement and environment monitoring, data annotation, IT support, and warehouse operations. Skilled in basic computer troubleshooting, software installation, networking assistance, and web development. Detail-oriented, adaptable, and committed to operational accuracy, following procedures, and protecting confidential information.

CORE SKILLS

Teleoperation & Remote Robot Operation | Robot Movement / Environment Monitoring | Data Annotation | Confidentiality and Procedure Compliance | PC Hardware / Software Troubleshooting | OS, Driver & Software Installation | Basic Networking, RJ45 Crimping & Cable Management | CCTV / DVR Setup Assistance | HTML, CSS, PHP & JavaScript | API Integration / Basic Database Connectivity | Data Encoding, Labeling, Scanning & Inventory | Canva / Figma

PROFESSIONAL EXPERIENCE

Teleoperation Operator | Stealth-Mode Technology Company

June 2026 – Present

- Operate and control robotic systems remotely using teleoperation tools and established procedures.
- Monitor robot movements and surrounding environments to support accurate and consistent operation.
- Perform data annotation and related operational tasks according to project guidelines.
- Handle work-related information responsibly and follow confidentiality requirements.

IT Intern | Floridablanca Computer Center

February 2026 – May 2026

- Performed PC repair, hardware assembly/disassembly, and basic hardware/software troubleshooting.
- Installed and configured operating systems, drivers, and software.
- Assisted with CCTV installation, wiring, and DVR configuration.
- Supported data encoding, printing, file organization, and customer assistance for printers, computer parts, and accessories.
- Assisted with RJ45 crimping, cable management, networking setup, and basic soldering of microphone wires and coin slots.
- Completed 486 hours of on-the-job training.

Production Staff (Seasonal Contract) | Red Ribbon Bakeshop

December 2019 – February 2020

- Assisted with cake preparation, processing, assembly, and simple decoration.
- Followed factory production procedures and quality standards.

Warehouse Worker | International Wiring Systems (IWSP)

September 2018 – August 2019

- Repacked materials and organized parts to support efficient warehouse workflow.
- Performed labeling, scanning, and item-information updates; assisted with inventory monitoring and organized storage areas.

PROJECT EXPERIENCE

AI-Powered Recipe Recommender for Native Kapampangan Dishes

Capstone Project, BS Information Technology — Developed backend functionality and integrated the Gemini API for AI-assisted ingredient recognition and recipe recommendations; built web pages with HTML, CSS, and vanilla JavaScript; assisted with API integration, database connectivity, and system functionality; used ChatGPT and Gemini as coding support tools; deployed the website using Hostinger.

EDUCATION

BS Information Technology, Pampanga State University – Porac Campus | Graduated Magna Cum Laude

Senior High School, ICT Strand — Capas High School (2017–2018) | Junior High School, TVL–Computer Hardware Servicing — Capas High School (2013–2016)

CERTIFICATIONS

TESDA English Language and Call Center Training (2021) | TESDA Events Management Services NC III (2025) | Exploring Filipino-American Food Culture: Building Tastes and Traditions through Collaborative Online International Learning (Feb–Apr 2025)
